Central Coast SA2 Intelligence Report

Central Coast SA2 Intelligence Report

Prepared: 28 October 2026 (UTC) | Coverage: 30 Central Coast SA2s | Indicator periods vary (2021–September 2026)

Executive Summary

This report compares observed SA2 indicators from four Dropbox files retrieved on 28 October 2026. These indicators do not share one reference date: census measures are from 2021, crime from December 2025, and some prices and benefits from September 2026. Rankings are descriptive and use available observations, not causal or population-adjusted comparisons.

1. The 2021 Total Population column sums to **354,803** across 30 SA2s; this is not a current population estimate.
2. Highest house-price observation: **Erina - Green Point** ($1,939,500) (September 2026).
3. Highest unemployment-rate observation: **Wyong** (9.9%) (June 2026).
4. Highest JobSeeker count: **Gorokan - Kanwal - Charmhaven** (1,175) (September 2026); the count is not a prevalence rate.
5. Highest assault rate: **Wyong** (12.36 per 1,000) (December 2025).

1. Population & Demographics

Indicator	Reference period	Highest SA2	Lowest SA2	Coverage
Total Population	June 2021	**Umina - Booker Bay - Patonga** (25,007)	**Jilliby - Yarramalong** (3,566)	30/30
Population Change 2023-24	June 2024	**Warnervale - Wadalba** (650)	**Lake Munmorah - Mannering Park** (-27.0)	30/30
Median Age	June 2021	**Erina - Green Point** (49.0)	**Blue Haven - San Remo** (34.0)	30/30
% Under 20	December 2021	**Warnervale - Wadalba** (31.4%)	**The Entrance** (18.8%)	30/30
% Born Overseas	June 2021	**Gosford - Springfield** (21.2%)	**Blue Haven - San Remo** (10.1%)	30/30

Population change describes 2023–24; the Total Population reference period in the supplied lookup is 2021. A current population total cannot be inferred by summing older census counts.

2. Economic Activity & Business

Indicator	Reference period	Highest SA2	Lowest SA2	Coverage
Total Businesses	January 2025	**Gosford - Springfield** (2,629)	**Narara** (336)	30/30
Labour Force	June 2026	**Gosford - Springfield** (13,163)	**Jilliby - Yarramalong** (2,162)	30/30
Unemployment Rate (%)	June 2026	**Wyong** (9.9%)	**Avoca Beach - Copacabana** (1.3%)	30/30
JobSeeker Payment	September 2026	**Gorokan - Kanwal - Charmhaven** (1,175)	**Jilliby - Yarramalong** (120)	30/30
Median Household Income	June 2021	**Jilliby - Yarramalong** ($1,942)	**Toukley - Norah Head** ($971)	30/30

Business counts, labour-market figures and median household income refer to different years. Counts should not be compared as rates without suitable population denominators.

3. Housing & Affordability

Indicator	Reference period	Highest SA2	Lowest SA2	Coverage
House Price (Current)	September 2026	**Erina - Green Point** ($1,939,500)	**Blue Haven - San Remo** ($832,500)	27/30

Unit Price (Current)	September 2026	**Erina - Green Point** ($2,233,750)	**Blue Haven - San Remo** ($565,000)	27/30
House Rent (P/W)	September 2026	**Box Head - MacMasters Beach** ($968)	**Blue Haven - San Remo** ($615)	27/30
Unit Rent (P/W)	September 2026	**Avoca Beach - Copacabana** ($675)	**Blue Haven - San Remo** ($452)	27/30
Number of dwellings approved	June 2026	**Warnervale - Wadalba** (247)	**Tuggerah - Kangy Angy** (3.0)	30/30

House prices and rents date to September 2026 but household income to 2021. A current price-to-current-income ratio is not supported by these inputs.

4. Socioeconomic Wellbeing

Indicator	Reference period	Highest SA2	Lowest SA2	Coverage
Index of Relative Socio-economic Advantage and Disadvantage	June 2021	**Terrigal - North Avoca** (1,085)	**Blue Haven - San Remo** (886)	30/30
Age Pension	June 2026	**Umina - Booker Bay - Patonga** (4,270)	**Jilliby - Yarramalong** (260)	30/30
Homelessness	June 2025	**The Entrance** (273)	**Calga - Kulnura** (5.0)	30/30

SEIFA indices refer to 2021; homelessness to June 2025; Age Pension to June 2026. Benefits and homelessness are counts, not population-standardised rates.

5. Crime & Safety

Indicator	Reference period	Highest SA2	Lowest SA2	Coverage
Assault Rate (per 1,000)	December 2025	**Wyong** (12.36 per 1,000)	**Lake Munmorah - Mannering Park** (0.09 per 1,000)	27/30
Theft Rate (per 1,000)	December 2025	**Tuggerah - Kangy Angy** (83.09 per 1,000)	**Lake Munmorah - Mannering Park** (1.28 per 1,000)	27/30
Intimidation, Stalking & Harassment Rate (per 1,000)	December 2025	**Wyong** (23.19 per 1,000)	**Lake Munmorah - Mannering Park** (0.09 per 1,000)	27/30
Malicious Damage to Property Rate (per 1,000)	December 2025	**Wyong** (19.58 per 1,000)	**Lake Munmorah - Mannering Park** (0.09 per 1,000)	27/30
Drug Offences Rate (per 1,000)	December 2025	**Wyong** (16.41 per 1,000)	**Saratoga - Davistown** (0.14 per 1,000)	26/30

All crime indicators above date to December 2025. Small-area rates can be volatile; the table does not establish a cause of differences.

6. Tourism & Visitor Economy

Indicator	Reference period	Highest SA2	Lowest SA2	Coverage
Tourism Businesses	January 2025	**Gosford - Springfield** (120)	**Jilliby - Yarramalong** (9.0)	30/30
Total Spend	September 2026	**Erina - Green Point** ($71,408,000)	**Narara** ($409,000)	29/30
Airbnb Active Listings	August 2026	**Avoca Beach - Copacabana** (357.8)	**Kincumber - Picketts Valley** (8.8)	10/30
Airbnb Occupancy Rate	August 2026	**Woy Woy - Blackwall** (34.0%)	**Kincumber - Picketts Valley** (11.0%)	10/30
Airbnb Gross Revenue	August 2026	**Avoca Beach - Copacabana**	**Kincumber - Picketts Valley**	10/30

($459,672) ($6,579)

Total Spend is not exclusively visitor expenditure; do not treat it as tourism spend. Airbnb listing values in the pivot include fractional observations, so they should not be read as exact property counts. Airbnb and business indicators refer to different periods.

7. Regional Divide: Gosford vs Wyong

Unweighted medians of the available SA2 values within each SA3 are shown below. They are not population-weighted regional rates.

SA3	SA2 count	Unemployment rate (Jun 2026)	House price (Sep 2026)	Median household income (2021)
Gosford	16	2.3%	$1,277,500	$1,410/week
Wyong	14	4.7%	$968,812	$1,216/week

8. Key Challenges & Opportunities

- Challenge: Older census and crime reference periods are not interchangeable with the September 2026 market data.
- Challenge: Raw benefit and business counts require denominator checks before interpreting relative need.
- Opportunity: The latest housing and JobSeeker observations can guide local follow-up, subject to verification of source definitions.
- Opportunity: Quarterly series through June 2026 can be examined alongside, not substituted for, current cross-sectional values.

Data Notes

Source files retrieved from Dropbox:Moltbot/Economic-Dashboard on 28 October 2026: Output - Mapped SA2 Level Data (Pivot) - All LGAs.xlsx; Output - Indicator Lookup.xlsx; Output - Trends.csv; Output - Time-series Trends.xlsx. Rankings computed from sa2_kpi_wide.csv, filtered to Central Coast LGA code 11650; latest periods from source Indicator Lookup.

Input workbook: 200 rows, 191 unique SA2 codes across 16 LGAs; importer retains the last row per SA2. Central Coast has 30 distinct SA2s. Source lookup holds 58 indicator rows. Quarterly workbook runs through June 2026. No matched prior-month workbook was provided; trend arrows use the supplied trend-direction CSV, not an independently computed month-on-month comparison.

Selected periods: Total Population: June 2021; Median Household Income: June 2021; Total Businesses: January 2025; Assault Rate (per 1,000): December 2025; Homelessness: June 2025; Unemployment Rate (%): June 2026; JobSeeker Payment: September 2026; House Price (Current): September 2026; Airbnb Active Listings: August 2026.
